HELP US LEARN ABOUT LEARNING!

CHILD DEVELOPMENT LAB

The Child Development Lab at UMBC studies how attention develops and how children think and learn. Children play fun educational games that help us understand how children learn!

Sessions are 10-20 minutes, and children receive a prize!

To learn more, please contact us:

OUR COMMUNITY PARTNER

UMBC is a proud community partner with Sorrento of Arbutus.

Together, we are promoting “healthy minds, healthy bodies.” Sorrento’s will provide box lunch options to be made and delivered fresh each day you order them for your camper.

Lunch Ordering:

- *Orders must be placed by 8 pm the evening prior*
- *Indicate camper **name and grade level** when ordering*
- *Orders may be placed in advance for the entire summer*
- *Menu and ordering instructions can be found on our website under the “**Order Lunch Online**” tab*

Questions about CampDoc? Ask Away

The image shows a screenshot of the CampDoc website. The header includes the CampDoc logo, navigation links for Features, Community, Resources, and Contact Us, and buttons for HELP? and SIGN IN. The main content area features a large heading: 'Ready to improve the health and safety at your Residential Camp?'. Below this is a subheading: 'An all-in-one solution trusted by 1,250+ organizations and designed by doctors, nurses, and youth program professionals.' At the bottom of the main content are two buttons: GET STARTED and WATCH VIDEO. On the right side, there is a preview of the CampDoc interface showing a user profile for Sara Linton with tabs for Registration, Health Profile, Protection Plan, and Emergency Plan. The Health Profile tab is active, displaying a form for allergies with questions like 'Does Sara have food allergies?' and 'Risk for Anaphylaxis?'. The form includes radio buttons for Yes/No and text input fields for 'Allergic to...' and 'Reactions'.
